## FOAMING EAR CLEANSER

Step-One of a Two-Step Ear Cleaning Procedure

For Veterinary Use Only  
FOR DOGS

Net Contents 8 FL. OZ. (327 ml)

**Directions:**  
**Step one:**  
 A. DOGS: Fill entire ear canal with cleanser.  
 B. Rub and massage the skin over the ear canal. Product will foam and loosen dirt and debris in the deep ear canal.  
**Step two:**  
 Remove dirt, wax, and Ear Cleanser with Ear Flushing Drying Lotion  
 Repeat as needed to keep ear canal clean and to reduce ear odors. Otic medications or Otic antiseptics may be applied to the clean, flushed ears.  
FOR CATS, PUPPIES AND DOGS WITH SENSITIVE DELICATE EAR CANALS, USE FOAMING SENSITIVE EAR CLEANER.  
**Contains:** Deionized water, cocamidopropyl betaine: a mild non-irritating foaming surfactant, peg almond glycerides (mildness additive), eucalyptol.  
**Caution:** Keep out of reach of children and pets. Do not use if eardrum may be ruptured. Avoid eye contact. For accidental eye contact, flush well with water. Discontinue if irritation develops.

## Ear Flushing Drying Lotion

Use to flush ear canal after Foaming Ear Cleanser has been used to loosen dirt and waxes.

For Veterinary Use Only  
FOR DOGS

Net Contents 8 FL. OZ. (377 ml)

**Directions:**  
 Dogs – Use Foaming Ear Cleanser to loosen dirt and wax. Apply Ear Flushing Drying Lotion until dirt and wax are flushed from the deep ear canal.  
 Otic medications or Otic antiseptics may be applied to a clean, flushed ear. Repeat two or three times a week for dirty, waxy ears and to help reduce ear odors.  
FOR CATS, PUPPIES, AND DOGS WITH SENSITIVE, DELICATE EAR CANALS, USE FOAMING SENSITIVE EAR CLEANER.  
**Caution:** Keep out of reach of children and pets. Do not use if eardrum may be ruptured. Avoid eye contact. For accidental eye contact, flush well with water. Discontinue if irritation develops.  
**Contains:** Deionized water, isopropyl alcohol, acetamide mea, propylene glycol, polysorbate 80, eucalyptol, polyethylene glycol, glycerin.
